Helping Healthcare Professionals Stop Domestic Abuse

Sponsorship Opportunities What's in It for You ...Sponsor Benefits

- A unique marketing and philanthropic opportunity that will provide visibility for your organization and business.
- Involvement with publicity-generating events that will enable your company and/or organization to get coverage, as a contributing supporter, in your community media and in popular worldwide Internet media.
- The opportunity to incorporate your company's presence into the program promotional materials, and in the handouts that will be distributed to program attendees.
- An event that will enable you to showcase your products to a captive and appreciative audience of emergency room physicians and nurses, OB/GYN and family physicians, certified nurse midwives and nurse practitioners.
- Identification with a top-rated "how to" program designed to educate healthcare providers, improve patient care and contribute to violence prevention in your community.
- Affiliation with a continuing education program for healthcare providers that fulfills Joint Commission on Accreditation of Healthcare Organizations (JCAHO) Standard 3.10 concerning patients who may be victims of abuse.
- An opportunity for your company's presence during multiple hospital programs and medical/nursing conferences, giving you outstanding visibility throughout an entire state, region or nationally year-round. (For this opportunity, see Sponsorship: Multiple Program Options.)
